

A Fireside Chat: Mental Health Issues and Challenges in the Workplace, At Home, and In Society: Coping With The Persistent Pandemic's Impact

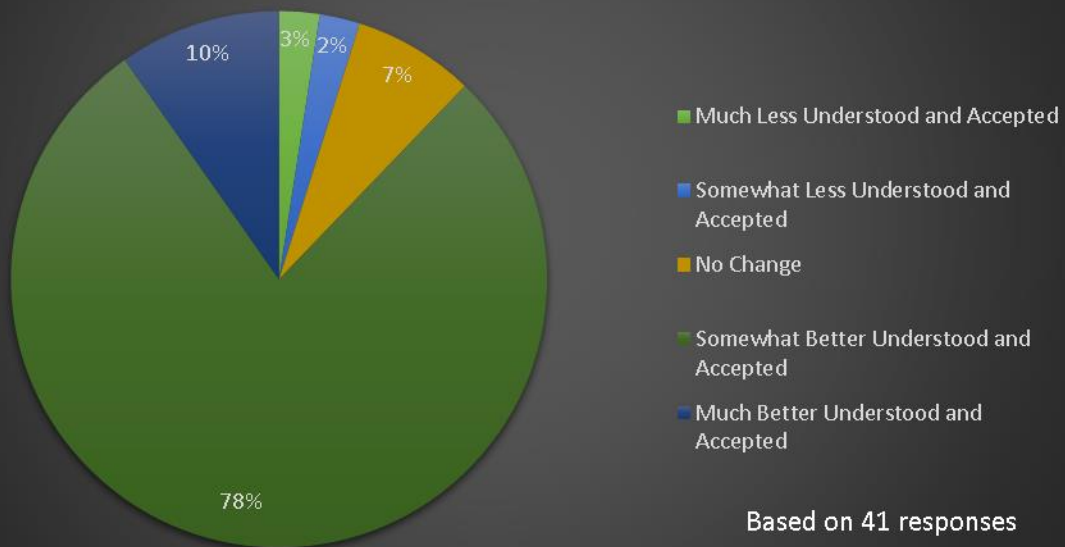

Poll Results

Poll #1

Poll #2

To what degree do you feel that mental health issues and challenges are becoming better understood and accepted in the workplace today as compared to three years ago?

Poll #3

If you were to experience a mental health issue in the future, how willing would you be to share your situation with your employer and take some time off to obtain professional therapy?
